

## IDENTIFYING DATA

### Archaeology theory and method

Subject	Archaeology theory and method			
Code	O02G251V01204			
Study programme	Degree in Geography and History			
Descriptors	ECTS Credits 6	Choose Mandatory	Year 1st	Quadmester 2nd
Teaching language	Spanish Galician			
Department				
Coordinator	Pérez Losada, Fermín Emiliano			
Lecturers	Pérez Losada, Fermín Emiliano Valle Abad, Patricia			
E-mail	fermin@uvigo.es			
Web	<a href="http://faitic.uvigo.es">http://faitic.uvigo.es</a>			
General description	(*)Introdución xeral á Arqueoloxía como disciplina ou ciencia histórica específica nas súas dimensións teórica, práctica e patrimonial.			
	Estudo da especificidade e características da evidencia arqueolóxica.			
	Explicación, comprensión e aplicación da metodoloxía arqueolóxica como medio de coñecemento histórico.			

## Competencies

Code	
A2	(*)Que os estudantes saibam aplicar os seus coñecementos ó seu traballo ou vocación dunha forma profesional e posúan as competencias que adoitan demostrarse por medio da elaboración e defensa de argumentos e a resolución de problemas dentro da súa área de estudo.
A3	(*)Que os estudantes teñan a capacidade de reunir e interpretar datos relevantes (normalmente dentro da súa área de estudo) para emitir xuízos que inclúan unha reflexión sobre temas relevantes de índole social, científica ou ética.
B3	(*)Obter as habilidades necesarias para rexistrar, analizar e interpretar a información relevante de índole xeográfica e histórica
B6	(*)Aplicalas no contexto do futuro académico e/ou profesional; e crear as bases para futuros estudos de postgrao, especializados e/ou multi-disciplinares
C12	(*)Conciencia crítica da relación entre os acontecementos e procesos actuais e o pasado
C13	(*)Conciencia de respecto polos puntos de vista que se derivan de antecedentes culturais/nacionais
C23	(*)Capacidade de identificar e utilizar apropiadamente fontes de información para a investigación histórica
D1	(*)Capacidade de análise e síntese
D5	(*)Capacidade de xestión da información e o coñecemento

## Learning outcomes

Expected results from this subject	Training and Learning Results
(*)Formación para interpretar adecuadamente as sociedades do pasado	A2 B3 C13 D1 C23
(*)Emprego correcto dos conceptos, terminoloxía e métodos de análise e interpretación das sociedades preestatais e do cambio histórico	A3 B6 C12 D5

## Contents

### Topic

1.- Theoretical dimension of the Archaeology	1.1. Definition and concepts. 1.2. The archaeological evidence. 1.3. Historical development: of the «*anticuarismo» to the new archaeology.
2.- Methodological dimension of the Archaeology	2.1. Archaeological Prospection 2.2. Archaeological digging 2.3. Analytical and interpretation of the archaeological data.
3.- Heritage Dimension of the Archaeological remains	3.1. Values, possession and social function of the archaeological heritage. 3.2. Preservation and management of the archaeological heritage.

### Planning

	Class hours	Hours outside the classroom	Total hours
Laboratory practises	15	15	30
Group tutoring	3	3	6
Teaching and/or informatives events	2	0	2
Master Session	23	23	46
Multiple choice tests	3	30	33
Other	0	1	1
Reports / memories of practice	1	16	17
Case studies / analysis of situations	3	12	15

\*The information in the planning table is for guidance only and does not take into account the heterogeneity of the students.

### Methodologies

	Description
Laboratory practises	Activities of practical application of the knowledges and of acquisition of skills procedures, using devices (computer, stereoscopes, etc.) and handling materials (computer programs, cartography, aerial photograph etc) own of the archaeological methodology. They will develop in the laboratory of Archaeology (LAUV) and us earthy of the next campus to the faculty.
Group tutoring	Activities in reduced group focused to the work envelope a specific and concrete subject, especially the resolution of exercises and practical cases envelope the subject.
Teaching and/or informatives events	They reserve two hours stop the assistance to activities of transversal themes organized from the Department of History, Art and Geography and the Faculty of History
Master Session	Exhibition in the classroom, by part of the professor, of the contained envelope to subject.

### Personalized attention

Methodologies	Description
Laboratory practises	Resolution of methodological doubts envelope the practical activities (laboratory, exercises). The tracking will realize to naughty of the following resources: platform Moodle of virtual teaching (all the students), tracking in the laboratory (students at classroom), classroom and-e-meeting (telematic students).
Master Session	Resolution of doubts envelope the contents exposed in the sessions *maxistrais. The tracking will realize to naughty of the following resources: platform Moodle of virtual teaching (all the students), tracking in the laboratory (students at classroom), classroom and-e-meeting (telematic students).
Group tutoring	Resolution of doubts envelope the contents of the subject, the practical exercises and the review of the proofs of evaluation. The tracking will realize to naughty of the following resources: platform Moodle of virtual teaching (all the students), tracking in the laboratory (students at classroom), classroom and-e-meeting (telematic students).
Teaching and/or informatives events	Information and assessment customized envelope the teaching events and/or dissemination that take place during it study. The tracking will realize to naughty of the following resources: platform Moodle of virtual teaching (all the students), tracking in the laboratory (students at classroom), classroom and-e-meeting (telematic students).

### Assessment

Description	Qualification	Training and Learning Results

Multiple choice tests	The contents exposed in the master sessions will be evaluated by means of a proof written of short answer (examination type test). There Will be two partial examinations plus of the final examination of each announcement. Evaluation of the resulted of the learning Training to interpret properly the societies of the spent" and "correct Employment of the concepts, terminology and methods of analysis and interpretation of the ancient societies and of the historical change"	50	A3 B3 C13 D1 C23
Other	Active participation in the theoretical and practical kinds, so much was in the modality *presencial how in the *semipresencial (tracking of the subject to naughty of the Virtual Course in the platform of *teledocencia *Moodle). Evaluation of the resulted of the learning "Training to interpret properly the societies of the spent" and "correct Employment of the concepts, terminology and methods of analysis and interpretation of the societies *preestatais and of the historical change"	10	C12 D1 C13 D5
Reports / memories of practice	The practices of laboratory will be evaluated by means of it delivers of a report or memory of practices. The students owe to describe the tasks and procedures developed, including especially the results of the practical exercises realized. Evaluation of the resulted of the learning "Training to interpret properly the societies of the spent" and "correct Employment of the concepts, terminology and methods of analysis and interpretation of the societies *preestatais and of the historical change"	30	A2 B6 C23 D5
Case studies / analysis of situations	Activities in group reduced on specific and concrete subjects will be evaluated by means of it delivers of exercises (comments of text, analysis *estratigráficas, etc). Evaluation of the resulted of the learning "Training to interpret properly the societies of the spent" and "correct Employment of the concepts, terminology and methods of analysis and interpretation of the societies *preestatais and of the historical change"	10	A2 B6 C12 D5
