## Planning

|                          | Class hours | Hours outside the classroom | Total hours |
|--------------------------|-------------|-----------------------------|-------------|
| Lecturing                | 18          | 45                          | 63          |
| Mentored work            | 0.1         | 0                           | 0.1         |
| Seminars                 | 2           | 8                           | 10          |
| Objective questions exam | 2           | 0                           | 2           |

\*The information in the planning table is for guidance only and does not take into account the heterogeneity of the students.

## Methodologies

|               | Description   |
|---------------|---|
| Lecturing     | The masterclasses summarise the state of the matter   |
| Mentored work | It will register the assistance of the students to the distinct classes   |
| Seminars      | To develop the capacity to work autonomously, the students will review scientific works to present them in an oral and/or written way |

## Personalized assistance

| Methodologies            | Description                            |
|--------------------------|--|
| Lecturing                | Resolution of doubts on the fly        |
| Seminars                 | Discussion of the group work presented |
| Mentored work            | Register of the assistance to class    |
| Tests                    | Description                            |
| Objective questions exam | Pertinent explanations                 |

## Assessment

|               | Description                                    | Qualification | Training and Learning Results |
|---------------|--|---------------|-------------------------------|
| Lecturing     | Examination of objective questions             | 70            | C2<br>C3                      |
| Mentored work | Assistance to class                            | 10            |                               |
| Seminars      | Preparation and presentation of works in group | 20            | B5<br>D4                      |

## Other comments on the Evaluation

In the first announcement (22/04/20, 10-12 \*h) the three methodologies will be considered. In the second announcement (07/07/20, 10-12 \*h) the evaluation will result from the written exam, being able to be the 20-60% of the final note the qualifications obtained in activities evaluated positively previously.

## Sources of information

### Basic Bibliography

### Complementary Bibliography

## Recommendations

## Other comments

It is recommended to work on the matter in a continuous form

## Contingency plan

### Description

==== EXCEPTIONAL PLANNING ====

Given the uncertain and unpredictable evolution of the health alert caused by COVID-19, the University of Vigo establishes

an extraordinary planning that will be activated when the administrations and the institution itself determine it, considering safety, health and responsibility criteria both in distance and blended learning. These already planned measures guarantee, at the required time, the development of teaching in a more agile and effective way, as it is known in advance (or well in advance) by the students and teachers through the standardized tool.

==== ADAPTATION OF THE METHODOLOGIES ===

\* Teaching methodologies maintained

\* Teaching methodologies modified

\* Non-attendance mechanisms for student attention (tutoring)

\* Modifications (if applicable) of the contents

\* Additional bibliography to facilitate self-learning

\* Other modifications

==== ADAPTATION OF THE TESTS ===

\* Tests already carried out

Test XX: [Previous Weight 00%] [Proposed Weight 00%]

...

\* Pending tests that are maintained

Test XX: [Previous Weight 00%] [Proposed Weight 00%]

...

\* Tests that are modified

[Previous test] => [New test]

\* New tests

\* Additional Information

---
