	English Friendly subject: International students may request from the teachers: a) materials and bibliographic references in English, b) tutoring sessions in English, c) exams and assessments in English			

Training and Learning Results

Code	
A1	Students will have shown they have sufficient knowledge and understanding of an area of study, starting after completion of general secondary education, and normally reaching a level of proficiency that, being mostly based on advanced textbooks, will also include familiarity with some cutting-edge developments within the relevant field of study.
A2	Students will be able to apply their knowledge and skills in their professional practice or vocation and they will show they have the required expertise through the construction and discussion of arguments and the resolution of problems within the relevant area of study.
A3	Students will be able to gather and interpret relevant data (normally within their field of study) that will allow them to have a reflection-based considered opinion on important issues of social, scientific and ethical nature.
A4	Students will be able to present information, ideas, problems and solutions both to specialist and non-specialist audiences.
A5	Students will acquire the learning skills that are required to pursue further studies with a high degree of independence.
B1	To know the curricular areas of Primary Education, the interdisciplinary relationships between them, the assessment criteria and the body of pedagogical knowledge about their respective teaching and learning procedures.
B2	To design, plan and assess learning and teaching processes, both individually and working with other teachers and professionals from the school.
B3	To deal effectively with situations of language learning in multicultural and multilingual situations. To promote reading and critical commentary of texts from several scientific and cultural domains that are part of the school curriculum.
B4	To design and regulate teaching spaces in contexts of diversity, paying attention to gender equality, fairness and respect for human rights as central values in the education of the citizenry.
B8	To uphold a critical, independent attitude with regard to all forms of knowledge and all values and to every public and private social institution.
B10	To reflect on classroom practices with the aim of innovating and improving teaching. To acquire habits and skills for independent and cooperative learning and to promote it among students.
B11	To know and use information and communication technologies in the classroom. To develop the discerning capacity to select the kind of audiovisual information that contributes to learning, civic education and cultural enrichment.
B12	To understand the function, possibilities and limits of education in present-day society and the fundamental competences impinging on primary education schools and their professionals. To know models of quality improvement that can be applied in schools.
C43	To understand the basic principles of the sciences of language and communication.

C44	To acquire literary training and knowledge of children's literature.
C45	To know the languages and literatures school curricula.
C46	To speak, read and write correctly and proficiently the official languages of the relevant Autonomous Community.
C47	To be familiar with the learning/teaching process of written language.
C48	To promote reading and writing habits.
C49	To be familiar with the difficulties to learn the official languages experienced by students who speak other languages.
C50	To approach language learning situations in multilingual contexts.
C52	To develop and evaluate curricular contents through use of appropriate teaching resources to promote the acquisition of the relevant competencies by students.
C69	These competences, along with the specific competences of the rest of the subjects, will be displayed in the Degree's Final Project, which encapsulates the knowledge and skills acquired in all the courses that have been described.
D1	Analysis and synthesis skills.
D2	Organization and planning skills.
D3	Oral and written communication in one's mother tongue.
D5	Computing knowledge applied to the relevant area of study.
D6	Information-management skills.
D9	Teamwork skills.
D13	Appreciation of diversity and multiculturalism.
D16	Independent-learning skills.
D17	Ability to adapt to new situations.
