Training and Learning Results

Code

- A1 Students will have shown they have sufficient knowledge and understanding of an area of study, starting after completion of general secondary education, and normally reaching a level of proficiency that, being mostly based on advanced textbooks, will also include familiarity with some cutting-edge developments within the relevant field of study.
- A2 Students will be able to apply their knowledge and skills in their professional practice or vocation and they will show they have the required expertise through the construction and discussion of arguments and the resolution of problems within the relevant area of study.
- A3 Students will be able to gather and interpret relevant data (normally within their field of study) that will allow them to have a reflection-based considered opinion on important issues of social, scientific and ethical nature.
- A4 Students will be able to present information, ideas, problems and solutions both to specialist and non-specialist audiences.
- A5 Students will acquire the learning skills that are required to pursue further studies with a high degree of independence.
- B1 To know the curricular areas of Primary Education, the interdisciplinary relationships between them, the assessment criteria and the body of pedagogical knowledge about their respective teaching and learning procedures.
- B3 To deal effectively with situations of language learning in multicultural and multilingual situations. To promote reading and critical commentary of texts from several scientific and cultural domains that are part of the school curriculum.
- B4 To design and regulate teaching spaces in contexts of diversity, paying attention to gender equality, fairness and respect for human rights as central values in the education of the citizenry.
- B5 To promote respectful coexistence within and outside the classroom, sort out problems of discipline and contribute to the peaceful resolution of conflicts. To stimulate and appreciate students' perseverance and personal discipline.
- B6 To be familiar with the organizing structure of primary education schools and the diversity of actions that its functioning comprises. To undertake the tutoring and orientation roles with students and their families, paying attention individually to the singular educational needs of students. To be aware that the practice of the teaching profession will be permanently subject to improvement and adaptation to scientific, pedagogical and social changes throughout one's life.
- B7 To work with the different actors of the education community and the school's social milieu. To assume the educational dimension of the teaching profession and to promote democratic values in education to shape an active citizenry.
- B8 To uphold a critical, independent attitude with regard to all forms of knowledge and all values and to every public and private social institution.
- B9 To become aware of our individual and collective responsibility in attaining a sustainable future.
- B10 To reflect on classroom practices with the aim of innovating and improving teaching. To acquire habits and skills for independent and cooperative learning and to promote it among students.
- B11 To know and use information and communication technologies in the classroom. To develop the discerning capacity to select the kind of audiovisual information that contributes to learning, civic education and cultural enrichment.

- C13 To promote cooperative work and individual work and effort.
- C14 To promote actions of moral values education geared towards the shaping of an active, democratic citizenry.
- C23 To critically analyze and incorporate the most relevant developments of modern society that have a bearing on family and school education: the impact of audiovisual languages and screens on society and education; changes in gender and intergenerational relationships; multiculturalism and interculturalism; social inclusion and discrimination and sustainable development.
- C29 To understand the mutual influence between science, society and technological developments, as well as the appropriate behavior on the part of citizens to attain a sustainable future.
- C31 To understand the basic principles of the social sciences.
- C32 To know the school curricula of the social sciences.
- C33 To integrate the study of history and geography from an educational and cultural perspective.
- C34 To promote the democratic education of the citizenry and the practice of critical thinking about society.
- C35 To appreciate the importance of public and private institutions for the peaceful coexistence between peoples.
- C37 To develop and evaluate curricular contents through use of appropriate teaching resources to promote the acquisition of the relevant competencies by students.
- C48 To promote reading and writing habits.
- D1 Analysis and synthesis skills.
- D2 Organization and planning skills.
- D3 Oral and written communication in one's mother tongue.
- D5 Computing knowledge applied to the relevant area of study.
- D6 Information-management skills.
- D7 Problem resolution.
- D8 Decision-making skills.
- D9 Teamwork skills.
- D13 Appreciation of diversity and multiculturalism.
- D14 Critical-thinking skills.
- D15 Ethical commitment.
- D16 Independent-learning skills.
- D17 Ability to adapt to new situations.
- D18 Creativity.
- D20 Knowledge of other cultures and customs.
- D23 Awareness about environmental issues.

Contents	
Topic	
1. BLOCK 1. The construction of the concepts and notions for the knowledge of the Social Sciences	Development and evolution of the space notions Development and evolution of the temporary notions The economic notions didactic Treatment of the work of art
2. BLOCK 2. Epistemology And content of the area of Social Sciences	Introduction to the Social Sciences Concept and shots that characterise them Which are the Social Sciences?: Specific definitions The Social Sciences in the School: contents
3. BLOCK 3. Development of educational experiences and didactic materials of the area	Elements for the didactic programming in the Social Sciences Activities for the Didactic of the Social Sciences Preparation and defence of a Didactic Unit in Knowledge of the Half

Planning			
	Class hours	Hours outside the classroom	Total hours
Lecturing	22.5	22.5	45
Debate	9	19	28
Mentored work	15	28	43
Essay questions exam	5	22	27
Presentation	1	6	7

*The information in the planning table is for guidance only and does not take into account the heterogeneity of the students.

Methodologies	
	Description
Lecturing	Exhibition of the contents of the matter with support of audiovisual material and practical examples
Debate	Comment of texts, debates guided
Mentored work	Preparation in group of a Didactic Unit of the area of Social Sciences

Personalized assistance

Methodologies	Description
Mentored work	Resolution of doubts and problems that can go arising when making the works proposed, as well as make a more customised follow-up of the activities of learning. Orientation on the presentation of the results of the work, through *tutorías in the dispatch or virtual through the email, virtual dispatch, forums of moovi, etc

Assessment		Qualification	Training and Learning Results			
	Description					
Lecturing	Assistance and participation. The results of learning expected are: - Know and assimilate the basic principles of the Social Sciences and the content of the area - Know the *curriculo school of the Social Sciences in Primary - Comprise the development and the evolution of the space notions, temporary and of the history of the art in the boys and the problems that poses his learning	5	A1 A4 A5	B1 B8 B9	C31 C32 C33	D1 D3 D7 D20
Debate	Comments of text, participation in debates, proposals... The results of learning expected are: - Know and assimilate the basic principles of the Social Sciences and the content of the area - Integrate the historical and geographic study to comprise the relations of the society with his half	20	A1 A3	B3 B6	C13 C23 C34 C35 C48	D1 D3 D13 D14 D15
Mentored work	Realisation in group of the Didactic Unit selected. The results of learning expected are: - Design programmings and materials for the area of Social Sciences in Primary	18	A2 A3	B4 B10	C13 C29 C37	D2 D3 D6 D9 D16 D17 D18

Essay questions exam	A theoretical proof on the basic concepts and contents of the syllabus. The results of learning expected are: - Know and assimilate the basic principles of the Social Sciences and the content of the area - Know the curriculum school of the Social Sciences in Primary - Comprise the development and the evolution of the space notions, temporary and of the history of the art in the boys and the problems that poses his learning	40	A1 A4 A5	B1 B8 B9	C31 C32 C33	D1 D3 D7 D20
Presentation	Presentation and defence of the Didactic Unit Selected. The results of learning expected are: - Design programmings and materials for the area of Social Sciences in Primary	17	A2 A3	B4 B10	C13 C29 C37	D2 D3 D6 D9 D16 D17 D18

Other comments on the Evaluation

To approve the matter in the first announcement (April-May), the *evaluaci3n* continuous consist3n in surpassing a proof you3rich on the concepts *b3sicos* and the contents of the *temario* (final examination), ace3n like making the works of classroom and *tutelados* proposed. The *evaluaci3n* global consist3n in the final examination official (proof you3rich) and in the *realizaci3n* of the same works of classroom and *tutelados* corresponding (has to speak at the beginning of the semester with the educational). The notes of the activities of the classes *B*, and the note of the Unit *Did3ctica*, in the case that they made in the classroom, conserve3n in the second announcement (July) and in the extraordinary announcements. The one who have not made them have to3 do them to surpass the matter. The *superaci3n* of the proof you3rich is *condici3n* indispensable to surpass the matter. Of have not surpassed the matter in the first announcement, the no purchased competitions be3n evaluated in the announcement of July. The dates of the ex3menes can consult in the *p3gina* web of the Faculty, in the link <http://fcced.uvigo.es/es/docencia/examenes/>
