Methodologies	Description
Mentored work	The student will use the *tutorías to resolve the doubts that could him present in the development of the works posed.

Assessment			
	Description	Qualification	Training and Learning Results
Case studies	Methodology where the subject confronts in front of the description of a specific situation that poses a problem that has to be comprised, valued and resolved by a group of people, through a process of discussion. The student situates in front of a concrete problem (case), that describes him a real situation of the professional life, and has to be able to analyse a series of facts, referents to a particular area of the knowledge or of the action, to arrive to a decision reasoned through a process of discussion in small groups of work.	40	
Mentored work	Methodologie Designed to promote the autonomous learning of the students, under the *tutela of the professor and in stages varied (academic and professionals). It is referred to the learning of the ?How do the things?. It constitutes an option based in the assumption by the students of the responsibility by his own learning	40	
Lecturing	Test type test two contents of the theoretical / maxistrais sessions	20	

Other comments on the Evaluation

a) In the 1st call or exam, 20% will be valued, or the work 40%, and the dossier of exercises/case studies carried out in class 40%. The deliveries must be made in due time and form to be validated.

b) If the subject is not passed at the first sitting, the competences not acquired will be assessed at the second sitting.

c) The official details of the exams can be consulted on the faculty's website.
