Other comments on the Evaluation

- 1.- The evaluation system will be that of continuous evaluation.
- 2.- During the course, students will do practical activities and a seminar related to the subjects of the subject.
- 3.- To follow the continuous evaluation system, the student will have to attend class regularly. For these purposes, random attendance controls will be carried out and a student will be considered to have failed to comply with this requirement if he/she accumulates more than two unjustified absences.
- 4.- It will be understood that a student accepts the continuous evaluation system when he/she performs any of the scheduled tests or activities. It is not possible to waive the continuous evaluation once any of the tests or activities have been completed.
- 5.- Students who do not take advantage of the continuous assessment system will have to take a final exam, which will combine theoretical and practical questions, to which 100% of the mark will be assigned.
- 6.- For a better specification of the practical activities, we refer students to the schedule of the subject that will be available in Moovi at the beginning of the semester.
- 7.- Exam dates: They are approved by the Faculty Board and are published on the Faculty website.
