Other comments on the Evaluation

To participate in the continuous evaluation, it will be an essential requirement that the student upload their student file to the TEMA platform before the end of the first month of class. The qualifications obtained in the case study/situation analysis and in the supervised works will be maintained in the second call of the academic year.

To pass the subject it is necessary to obtain a minimum of 5 between the final exam and the continuous evaluation. The maximum grade that can be obtained in the final exam will be 7, adding the score obtained in said exam to the one that corresponds in the continuous evaluation. For this sum to take place, it will be an essential requirement to obtain a minimum of 3.5 out of 7 in the final exam.

By agreement of the Faculty Board, students who do not follow or do not pass the continuous evaluation will have the right to a theoretical-practical final exam on the 100%, different from the previous one, in which the acquisition of all the competences is evaluated. global matter.

Extraordinary end-of-course call: a) Type of exam: Students will take a theoretical-practical exam on all the contents of the subject; b) Evaluation system: 100% of the grade will be determined by the result of the theoretical-practical exam.

The dates and times of the evaluation tests of the different calls are those specified in the evaluation tests calendar approved by the Faculty Board.
