Other comments on the Evaluation

The evaluation consists of:

A.-) Examination of theoretical questions : It´s mandatory that students have a mark > 4 (0 to 10) to be able to make average with part B (Project or Examination of questions of development) Value 50%

Practical Part, The student has to choose between *B1 or *B2

B1.-)Project. Value 50%

B2.-)Examination of development questions : Consistent in problems and cases. Value 50%

The final mark is the average mark A +B, being B= B1 or B2

ethical Commitment: it expects that the present student a suitable ethical behaviour. In the case to detect a no ethical behaviour (copy, plagiarism, utilisation of unauthorised electronic devices, and others) will consider that the student does not gather the necessary requirements to surpass the matter. In this case the global qualification in the present academic course will be of suspense (0.0).
