General description	<p>Spanish and World Economy is a basic subject taught in the second semester of the first year of the Business Administration and Management Degree. It has a total of 6 ECTS credits that correspond to 150 work hours on the part of the student, of which 50 are face-to-face activities, while the rest are activities that do not require attendance.</p> <p>The aim of this subject is to introduce the student to Applied Economics, *starting with an analysis of Spanish and World Economy. The objective is to understand the inner workings and structure of Spanish and World Economy, emphasising the differences between Developed and Developing Countries on the one hand, and the economic structure of Spain on the other. It is organised into Basic Activities (*BA) and Complementary Activities (CA), both of a Theoretical (*T) and Practical (*P) nature, and which demand work both in and out of the classroom.</p> <p>English Friendly subject: International students may request from the teachers: a) resources and bibliographic references in English, b) tutoring sessions in English, c) exams and assessments in English.</p>

Other comments on the Evaluation

- First chance:

There will be two evaluation possibilities:

Continuous Assessment Option: a timetable with the dates of the various continuous assessment tests will be published at the beginning of the term. It will be mandatory to include a passport-type photograph in Moovi before the first assessment test, and to regularly access the teleteaching platform to keep up to date with the latest developments.

Global Assessment option: a theoretical-practical exam that will be worth 100% of the grade.

Dates to change from continuous to global assessment: from January 29 to February 29.

- Second chance: a theoretical-practical exam that will be worth 100% of the grade.

The dates and times of the evaluation tests for the different calls are those specified in the evaluation test calendar approved by the Center Board for the current year

It is necessary to bring a national official identification or similar document when the exams take place. Failure to comply with this requirement may result in the student not taking the exam in question.
