Case studies	Study of situations proposed by the educational.

### Personalized assistance

Methodologies	Description
Lecturing	During the tutorial hours, specific doubts about the exercises, cases and explanations made during the theoretical classes will be resolved. The tutorials may be resolved through face-to-face or virtual mode, either through the virtual offices of the teachers (1006, prof. Dr. Oscar García García), or by email or through the forums of the Moovi tele-teaching platform.
Case studies	During the tutoring hours, specific doubts about the cases and situations raised during the classes will be resolved. The tutorials may be resolved through face-to-face or virtual mode, either through the virtual offices of the teachers (1006, prof. Dr. Oscar García García), or by email or through the forums of the Moovi tele-teaching platform.

### Assessment

	Description	Qualification	Training and Learning Results
Essay	Works tutored, following the marked guidelines by the educational	30	A1 B2 C8 D5 A2 B4 C21 B9
Presentation	Presentation, defence and debate of the work realized	40	B1 C5 D7 B5 C19 D8
Essay	It will consist in managing the scope of a project	30	A1 B2 C8 D7 B4 C21 B9

### Other comments on the Evaluation

The student must pass all three tests to pass the subject. The student who does not develop all the proposed works and presentations must take the official exams, which will have a value of 100%. The exam will be multiple choice with 20 single-answer questions (20%) and two development exercises (40% each). In case of not having passed the subject in the first call, the skills not acquired will be evaluated in the July call through the same type of tests (multiple test and development exercises). The official dates of the exams can be consulted on the Master's website [www.mdip.es](http://www.mdip.es)
