Methodologies	
	Description
Lecturing	Master lesson. Exposure by the teaching staff of the contents on the subject under study, theoretical bases and/or guidelines for the work, exercises or projects that the student must develop.
Autonomous problem solving	Activity in which problems, exercises, practical cases and/or viewing of videos, among others, related to the subject are formulated. Students must do them independently.
Problem solving	Resolution of problems. Resolution, individual or in group, of problems, exercises or similar raised, guided and supervised by the teacher. It will be possible to evaluate the understanding of the subject by the students through the deliveries made and resolved in the practices, the active participation in them and/or the completion of a questionnaire.
Case studies	Study cases. Resolution, individually or in groups, of practical cases, projects or similar proposed, guided and supervised by the teaching staff. It will be possible to evaluate the understanding of the subject by the students through the deliveries made and resolved in the practices, the active participation in them and/or the completion of a questionnaire.

Personalized assistance				
Methodologies Description				
Problem solving	Supervision and resolution of doubts that may arise to the student during the process of acquisition of the competences of the course. It is important that the students are actively involved and ask for explanations when they are considered neccesary for the student.			
Case studies	Supervision and resolution of doubts that may arise to the student during the process of acquisition of the competences of the course. It is important that the students are actively involved and ask for explanations when they are considered neccesary for the student.			

	Description	Qualification	Trair	ing and
	Description	Qualification	Lea	arning and erning esults
Objective questions exam	Intermediate test/s. Test/s to assess the acquisition and understanding of concepts that will be developed throughout the course (40%).	40	B1 B2 B13	C1 C2 C3 C4 C5 C6 C7 C9
Essay questions exam	Partial tests. Carrying out 2 tests to evaluate the knowledge acquired by the students on the subject and their application in the resolution and interpretation of problems and situations in the business field (each test: 30%).	60		

Other comments on the Evaluation

1. **CONTINUOUS Assessment** (CA): the final grade will be the sum of the grades obtained in the intermediate assessment test(s) carried out throughout the semester (with a weighting of 40% of the total), and the grade obtained in the 2 partial exams carried out, one throughout the semester and the last one on the date of the final exam (with a weighting of 30% each).

2. NON-CONTINUOUS Assessment (NCA): final exam (100% of the grade).

IMPORTANT:

Students can choose to be evaluated through the Continuous Assessment system (CA) or, alternatively, opt for a Non-continuous assessment test (NCA).

The default assessment is CA.

Students may opt for the NCA according to the procedure and the term established by the teaching staff. The choice of NCA implies the waiver of the right to continue evaluating through the remaining CA activities and the qualification obtained up to that moment in any of the tests already carried out.

- CA in first and second call:

- a. Assesment: In the intermediate test(s) and partial exams, the content to be evaluated will be announced through the Moovi platform.
- b. It is not necessary to obtain a minimum grade in each part.
- c. The minimum grade to pass the course is 5 points out of 10.
- d. Practical classes are not compulsory.

- NCA in first, second call and END OF CAREER call:

- a. Students will be evaluated through an exam that scores 100% of the final grade. The minimum grade to pass the course is 5 points out of 10.
- b. This exam MAY BE DIFFERENT and with a higher level of difficulty than the one carried out under the Continuous Assessment

Clarifications:

- Students who do not participate in the CA or NCA will appear on the student's transcript as ∏absent∏.
- Students are recommended to take into account Title VII (Making use of illicit means), of the Evaluation Regulations, to

the qualification and quality of teaching and the learning process of students

(https://secretaria.uvigo.gal/uv/web/normativa/public/normativa/documento/downloadbyhash/4904ced4d24eb81fe5715ddde) and the control of the

2c48c59c0a7c4d624cd0e7491df7a753985ccfa)

- The dates and times of the NCA tests (first and second call) are those specified in the Assessment test calendar approved by the Xunta de Facultade for the 2023/24 academic year. In case of conflict or disparity between the exam dates will prevail those published on the faculty website, http://fccee.uvigo.es/organizacion-docente.html.
 - The schedule and procedure of the tutorials will be specified in the Moovi platform of the subject.
