Other comments on the Evaluation

The student, according to current regulations, has two calls for evaluation.

The first takes place during the teaching term. In the event that the teaching weeks of the subject are not sufficient for the delivery of all the planned works, the teaching platform will be enabled an additional week, at the end of each semester, to facilitate said delivery, establishing in this case a alternate homework delivery schedule.

The second evaluation is carried out in the month of July, for which access to the teaching platform will be enabled again. If student approves in the first announcement, there will be no possible to improve note in the second.

Other comments

The teaching of the subject will be always of face-to-face telematic way, well was synchronous or asynchronous, using the eMoodle (MooVi) educational platform and participating in the educational activities through multiple videoconference (e-meeting, Remote Campus).

To be able to receive the teaching of effective way it si recommended , previously to the start of the subject, to consult the manual of access to the platform and to follow the technical specifications in order to assist to the remote sessions. It is indispensable that each student access to the educational platform of the subject previously to the beginning of the same. With the purpose to complement the educational activity, will be contributed diverse resources (audiovisual materials, documents,links, etc) through the MooVi platform.

Contingency plan

Description

=== EXCEPTIONAL PLANNING ===
Given the uncertain and unpredictable evolution of the health alert caused by COVID-19, the University of Vigo establishes an extraordinary planning that will be activated when the administrations and the institution itself determine it, considering safety, health and responsibility criteria both in distance and blended learning. These already planned measures guarantee, at the required time, the development of teaching in a more agile and effective way, as it is known in advance (or well in advance) by the students and teachers through the standardized tool.
