Other comments on the Evaluation

The previously mentioned tests are the system of continuous evaluation. Students must complete all the compulsory exercises and ativities to be evaluated for this instead of a final exam. In order to pass, the student must achieve at least 50% of the value assigned to these tests.

The mark for tutored assignments is either first or second call.

Students who aren't assessed by continuous evaluation, take a complete exam of II the course material, which is worth 100% of the mark.

The dates and time of the test of evaluation of the convening of assessment are the specified in the calendar of exams of assessment approved by the Junta the Centro for the present academic course (http://fcetou.uvigo.es/index.php/en/exams)

Inappropriate behaviour, contrary and damaging to the conviviality, can be sanctioned with the loss of the right to the continuous assessment by part of the student responsible.

Work showing evidence of copying or plagiarism will suppose a fail assessment in all the calls of the academic course.
