Methodologies	
	Description
Lecturing	Presentation by the professor of the subject contents, theoretical bases and guidelines of an assignment to be developed by the student.
Flipped Learning	Some learning activities will be carried out outside the classroom and before the session. Other processes of acquisition of knowledge will be facilitated and enhanced with the presence of the teacher
Case studies	Analysis of an event or issue n order to know, interpret, solve, generate hypotheses, comparing data, reflect, complete knowledge, diagnose and training in alternative dispute resolution procedures.  This technique could require the student, either individual or in a group, to prepare a document on a topic, or to prepare reports, essays, summaries of lectures, conferences, etc.
Workshops	Problems and/or exercises related to the course. The student should develop appropriate and right solutions through exercise routines, application of formulas or procedures to process available information and interpret the results.
Mentored work	The student, individually or in groups, prepares a paper on the subject of matter or prepare research, essays and summaries of readings. It includes finding and collecting information, reading and literature management, writing

# Personalized assistance

#### **Methodologies Description**

Case studies	Time reserved to guide, moitor, address and solve questions of students in their process of acquiring skills and carrying out proposed activies.
Mentored work	Time reserved to guide, moitor, address and solve questions of students in their process of acquiring skills and carrying out proposed activies.
Workshops	Time reserved to guide, moitor, address and solve questions of students in their process of acquiring skills and carrying out proposed activies.

Assessment	Description	Qualification	Tra	ining a	and
	2 cst. iption	quamication		ning Re	
Workshops	Assigments in which the student must solve a different problems and exercises within a given time period and under conditions established by the teacher.  In each of these activities, the student must apply the knowledge acquired and show the competences developed during the sessions.  Detailed instructions, including the due dates, will be provided for each assignment.		B1 B2 B10 B11 B13 B14	C6 C12	D5
Mentored work	Paper, essay and summaries of reading on the subject of matter prepared by the student. It includes finding and collecting information, reading and literature management, writing and the oral presentations , related with those activities.	10	B1 B2 B10 B11 B13 B14	C6 C12	D5
Objective questions exam	Written exams The format of the exams may include multiple-choice questions, short-answer questions, and problem-solving questions. The exams will cover material from lectures, readings, and any additional resources provided.	60	B1 B2 B10 B11 B13 B14	C6 C12	D5

#### Other comments on the Evaluation

#### Continuous assessment plan:

First exam call: The previously mentioned assignments represent the continuous assessment plan. Students must complete all the compulsory assignments (cases, problems, exercises, presentations, etc.) and take the objective questions exams. To pass, the student must achieve at least 5 points out of 10.

Second exam call: Students must take both, a practical and a theoretical exam that represents the 100% of the mark. These exams will cover all the course material. To pass, the student must achieve at least 5 points out of 10.

#### Non-continuous assessment plan:

Students must take both, a practical and a theoretical exam that represents the 100% of the mark. These exams will cover all the course material. To pass the subject, the student must achieve at least 5 points out of 10. There will be two exam opportunities. The dates and time of the exams are those specified in the calendar of exams approved by the school's governing body (Xunta the Centro) for the present academic course (http://fcetou.uvigo.es/index.php/en/exams)

Students should contact the subject coordinator by e-mail, if they wish to follow the non-continuous assessment plan. They should decline the continuous assessment and request the global assessment plan. Application deadline: 11th September 2023 - 11th October 2023.

#### **OTHER REMARKS**

The dates and time of the exams are those specified in the calendar of exams approved by the Junta the Centro for the present academic course (http://fcetou.uvigo.es/index.php/en/exams)

Active participation in class discussions, asking questions, and engaging with the material will be encouraged. This includes attendance, punctuality, and respectful interaction with peers and the teacher. Inappropriate behaviour, contrary to social harmony, will be sanctioned with the loss of the right to continuous assessment by the student responsible.

Academic Integrity: All work submitted must be original and appropriately cited. Plagiarism or any form of academic dishonesty will not be tolerated and will result in a failing grade in all the exam calls of the academic year.

Business: Basics of management/004G020V01102 Business: Business management/004G020V01203

#### Other comments

This guide aims to anticipate the learning path of the student, and is conceived in a flexible manner. Therefore, it may require adjustments during the course, according the dynamics of the class or any situations which may arise. Similarly, it will contribute information and specific guidelines necessary throughout the learning process. Teaching activity will be developed using the Campus Remoto of the University of Vigo and the learning platform Moovi.
